

## Webinar

# Research Fellowships in Europe

**Have you always dreamed of coming to Europe to develop your research career?**

Europe is an exciting and dynamic place to carry out research. The European Commission's Marie Skłodowska-Curie Actions has funding available through the annual Individual Fellowships Call. During the webinar- **Research Fellowships in Europe** - presented by the Net4Mobility Project and lasting around 1 hr 15 min, you will get an overview on the Marie Skłodowska-Curie Action: Individual Fellowships. Watch this webinar to identify how you can enhance your innovation potential through interdisciplinary and intersectoral research and training in Europe!
